DELIVERY

30 days after receipt of order, or as negotiated between agency and Contractor and included in the purchase order.

MAXIMUM ORDER LIMIT IS \$2,000,000 (Local Governments are Exempt)

State departments must follow the Management Memo (MM) guidelines pursuant to this contract.

These transactions are subject to the following requirements:

- State agencies must solicit a minimum of 3 contractors including 1 small business and/or DVBE (if available) and document responses. This is not a bid transaction so small business preference, protest language, intents to award, evaluation criteria, advertising, etc. are not applicable.
- If less than 3 offers received, state agencies must document their files with the reasons why the other suppliers solicited did not respond with an offer.
- If only one source is known (competing offers cannot be obtained), the non-competitive bid (NCB) contract process must be followed. See the latest Management Memo (currently MM 03-10 including supplements), or whichever Management Memo is in effect at the time a purchase order is issued, for NCB guidelines. Exceptions to NCB process are also addressed in MM 03-10.
- Evaluation and award may be based on best value, as applicable, and not restricted to lowest cost.
- For SLP transactions under \$5,000 only one offer is required if the state agency can establish and document that the price is fair and reasonable.

- Orders for Information Technology Goods and Services exceeding \$250,000 require additional documentation. See the latest Management Memo (currently MM 03-10) for specific information on these additional requirements.
- Local governments set their own order limits, and are not bound by the above order limits and requirements.

Splitting orders to avoid any monetary limitations is prohibited.

Do not circumvent normal procurement methods by splitting purchases into a series of delegated purchase orders (SAM 3572).

Splitting a project into small projects to avoid either fiscal or procedural controls is prohibited (SAM 4819.34).

MINIMUM ORDER LIMITATION

There is no minimum dollar value limitation on orders placed under this contract.

ORDERING PROCEDURES

1. Order Form

State departments shall use a Contract/Delegation Purchase Order (Std. 65) for purchases and services.

Local governments shall, in lieu of the State's Purchase Order (Std. 65), use their own purchase order document.

Electronic copies of the State Standard Forms can be found at the Office of State Publishing web site: <http://www.dgs.ca.gov/osp> (select Standard Forms). The site provides information on the various forms and use with the Adobe Acrobat Reader. Beyond the Reader capabilities, Adobe Acrobat advanced features may be utilized if you have Adobe Business Tools or Adobe Acrobat 4.0 installed on your computer. Direct link to the Standard Form 65: <http://www.osp.dgs.ca.gov/pdf/std065.pdf>

2. Purchase Orders

The ordering entity is required to forward a copy of each purchase order to the Department of General Services (DGS), Procurement Division, Business Management Section, Data Capture unit, 707 Third Street, 2nd Floor, West Sacramento, CA 95605-2811.

The department is required to complete and distribute the order form.

The cost for each line item should be included in the order, not just totals.

The contractor must immediately reject orders that are not accurate.

3. Service and Delivery after Contract Expiration

Purchase orders must be issued before the SLP contract end term expires.

Also, purchase order amendments cannot be issued to add product and software maintenance if the SLP contract end term has expired.

CONTRACT PRICES

Contract prices for products and/or services are maximums. The ordering department is encouraged to negotiate lower prices.

PRODUCT AND PRICING CHANGES AND/OR UPDATES ARE NOT AUTHORIZED UNTIL REVIEWED AND APPROVED BY DGS PROCUREMENT DIVISION MASTER AGREEMENTS UNIT.

Said documents are to be sent to the Department of General Services (DGS) Procurement Division, Master Agreements Unit, 707 Third Street, 2nd Floor, West Sacramento, CA 95605-2811, Attention Steve Lower.

SMALL BUSINESS MUST BE CONSIDERED

Prior to placing orders under the SLP, state departments shall, whenever practicable, first consider offers from small businesses that have established SLP contracts [GC Section 14846(b)]. NOTE: The Department of General Services auditors will request substantiation of compliance with this requirement when department files are reviewed.

SMALL BUSINESS/DVBE - TRACKING

State departments are able to claim subcontracting dollars towards their small business or DVBE goals whenever the Contractor subcontracts a commercially useful function to a certified small business or DVBE. The Contractor will provide the ordering department with the name of the small business or DVBE used and the dollar amount the ordering department can apply towards its small business or DVBE goal.

SMALL BUSINESS/DVBE - SUBCONTRACTING

1. The amount an ordering department can claim towards achieving its small business or DVBE goals is the dollar amount of the subcontract award made by the Contractor to each small business or DVBE.
2. The Contractor will provide an ordering department with the following information at the time the order is quoted:
 - a. The Contractor will state that, as the prime Contractor, it shall be responsible for the overall execution of the fulfillment of the order.

- b. The Contractor will indicate to the ordering department how the order meets the small business or DVBE goal, as follows:

- List the name of each company that is certified by the Office of Small Business and DVBE Certification that it intends to subcontract a commercially useful function to; and
 - Include the small business or DVBE certification number of each company listed, and attach a copy of each certification; and
 - Indicate the dollar amount of each subcontract with a small business or DVBE that may be claimed by the ordering department towards the small business or DVBE goal; and
- Indicate what commercially useful function the small business or DVBE subcontractor will be providing towards fulfillment of the order.
3. The ordering department's purchase order must be addressed to the prime Contractor, and the purchase order must reference the information provided by the prime Contractor as outlined above.

PRODUCTIVE USE REQUIREMENTS

Each software component must be in current operation for a paying customer and the paying customer must be external to the contractor's organization (not owned by the contractor and not owning the contractor).

To substantiate compliance with the Productive Use Requirements, the Contractor must provide upon request the name and address of a customer installation and the name and telephone number of a contact person.

The elapsed time such software must have been in operation is based upon the importance of the equipment or software for system operation and its cost. The following designates product categories and the required period of time for software operation prior to approval of the replacement item on the SLP.

Category 1 - Critical Software: Critical software is software that is required to control the overall operation of a computer system or peripheral equipment. Included in this category are operating systems, data base management systems, language interpreters, assemblers and compilers, communications software, and other essential system software.

STATE AND LOCAL GOVERNMENTS CAN USE THE SLP

State and local government use of the SLP contracts is optional. A local government is any city, county, special district or other local governmental body or corporation, including UC, K-12 schools and community colleges,

that is empowered to expend public funds. While the state makes this contract available, each local government agency should make its own

determination whether the SLP is consistent with their procurement policies and regulations.

APPLICABLE CODES, POLICIES AND GUIDELINES

All California codes, policies and guidelines are applicable. THE USE OF THE SLP DOES NOT REDUCE OR RELIEVE STATE DEPARTMENTS OF THEIR RESPONSIBILITY TO MEET STATEWIDE REQUIREMENTS REGARDING CONTRACTING OR THE PROCUREMENT OF GOODS OR SERVICES. Most procurement and contract codes, policies, and guidelines are incorporated into The SLP contracts. Notwithstanding this, there is no guarantee that "every" possible requirement that pertains to all the different and unique state processes has been included.

TERMINATION OF SLP CONTRACT

1. The State or Contractor may terminate this SLP Contract at any time upon 30 days prior notice.
2. Upon termination or other expiration of this Contract, each party will assist the other party in orderly termination of the Contract and the transfer of all assets, tangible and intangible, as may facilitate the orderly, nondisrupted business continuation of each party.
3. Prior to the expiration of this Contract, this Contract may be terminated for the convenience of both parties by mutual consent
4. This provision shall not relieve the Contractor of the obligation to perform under any purchase order or other similar ordering document executed prior to the termination becoming effective.

STATEWIDE PROCUREMENT REQUIREMENTS

Departments must carefully review and adhere to the following Procurement Requirements, such as:

- SAM Section 4819.41 and 4832 certifications for information technology procurements and compliance with policies.
- Services may not be paid for in advance.
- Departments are required to file with the Department of Fair Employment and Housing (DFEH) a Contract Award Report Std. 16 for each order over \$5,000 within 10 days of award, including supplements that exceed \$5,000.
- Pursuant to Unemployment Insurance Code Section 1088.8, state and local government agencies must report to the Employment Development Department (EDD) all payments for services that equal \$600 or more to independent sole proprietor contractors. See the contractor's Std. Form 204, Payee Data Record, in the SLP contract to determine sole proprietorship. All inquiries regarding this subject should be forwarded to EDD: Technical questions: 916/651-6945 or Information and forms: 916/657-0529.
- Annual small business and disabled veteran reports.

ETHNICITY/RACE/GENDER REPORTING REQUIREMENT

Effective July 1, 2002, in accordance with Public Contract Code 10116, state departments are to capture information on ethnicity, race, and gender of business owners (not subcontractors) for all awarded contracts, including CAL-Card transactions. Each department is required to independently report this information to the Governor and the Legislature on an annual basis.

Departments are responsible for developing their own guidelines and forms for collecting and reporting this information.

Contractor participation is voluntary.

PAYMENTS AND INVOICES

1. DGS Administrative Fee

The Department of General Services (DGS) will bill each state and local agency directly an administrative fee for use of SLP contracts. The administrative fee should NOT be included in the order total, nor remitted before an invoice is received from DGS.

See DGS Price Book at <http://www.ofs.dgs.ca.gov/Price+Book/P/Purchasing.htm> (click on DGS Price Book) for current fees.

DynTek Services, Inc.

2. Advance Payments

Software maintenance and license fees, which are considered a subscription, may be paid in advance if a provision addressing payment in advance is included in the purchase order.

3. Credit Card

DynTek Services, Inc. accepts the State of California credit card (CAL-Card).

A Purchasing Authority Purchase Order (Std. 65) is required even when the ordering department chooses to pay the contractor via the CAL-Card. Also, the DGS administrative fee is applicable for all SLP orders.

FEDERAL DEBARMENT

When federal funds are being expended, the department is required to obtain (retain in file) a signed "Federal Debarment" certification from the contractor before the purchase order is issued.

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98, Section 98.510, Participants; responsibilities. The regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211).

- b) STATE AGREES THAT IF PARAGRAPH a) ABOVE IS INVOKED, DELIVERABLES SHALL BE RETURNED TO THE CONTRACTOR IN SUBSTANTIALLY THE SAME CONDITION IN WHICH DELIVERED TO THE STATE, SUBJECT TO NORMAL WEAR AND TEAR. GENERAL PROVISIONS – INFORMATION TECHNOLOGY

- a) The State may terminate performance of work under this Contract for its convenience in whole or, from time to time, in part, if the Department of General Services, Deputy Director Procurement Division, or designee, determines that a termination is in the State's interest. The Department of General Services, Deputy Director, Procurement Division, or designee, shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date thereof.
- b) After receipt of a Notice of Termination, and except as directed by the State, the Contractor shall immediately proceed with the following obligations, as applicable, regardless of any delay in determining or adjusting any amounts due under this clause. The Contractor shall:
 - (i) Stop work as specified in the Notice of Termination.
 - (ii) Place no further subcontracts for materials, services, or facilities, except as necessary to complete the continuing portion of the Contract.
 - (iii) Terminate all subContracts to the extent they relate to the work terminated.
 - (iv) Settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts;
- c) Unless otherwise set forth in the Statement of Work, if the Contractor and the State fail to agree on the amount to be paid because of the termination for convenience, the State will pay the Contractor the following amounts; provided that in no event will total payments exceed the amount payable to the Contractor if the Contract had been fully performed:
 - (i) The Contract price for Deliverables or services accepted by the State and not previously paid for, adjusted for any savings on freight and other charges; and
 - (ii) The total of:
 - A) The reasonable costs incurred in the performance of the work terminated, including initial costs and preparatory expenses allocable thereto, but excluding any cost attributable to Deliverables or services paid or to be paid;
 - B) The reasonable cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the Contract; and
 - C) Reasonable storage, transportation, demobilization, unamortized overhead and capital costs, and other costs reasonably incurred by the Contractor in winding down and terminating its work.
- d) The Contractor will use generally accepted accounting principles, or accounting principles otherwise agreed to in writing by the parties, and sound business practices in determining all costs claimed, agreed to, or determined under this clause.

23. TERMINATION FOR DEFAULT:

- a) The State may, subject to the clause titled "Force Majeure" and to sub-section d) below, by written notice of default to the Contractor, terminate this Contract in whole or in part if the Contractor fails to:
 - i) Deliver the Deliverables or perform the services within the time specified in the Contract or any amendment thereto;
 - ii) Make progress, so that the lack of progress endangers performance of this Contract; or
 - iii) Perform any of the other provisions of this Contract.
- b) The State's right to terminate this Contract under sub-section a) above, may be exercised if the failure constitutes a material breach of this Contract and if the Contractor does not cure such failure within the time frame stated in the State's cure notice, which in no event will be less than fifteen (15) days, unless the Statement of Work calls for a shorter period.
- c) If the State terminates this Contract in whole or in part pursuant to this Section, it may acquire, under terms and in

the manner the Buyer considers appropriate, Deliverables or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those Deliverables and services, including without limitation costs third party vendors charge for Manufacturing Materials (but subject to the clause entitled "Limitation of Liability"). However, the Contractor shall continue the work not terminated.

- d) If the Contract is terminated for default, the State may require the Contractor to transfer title, or in the case of licensed Software, license, and deliver to the State, as directed by the Buyer, any:
 - (i) completed Deliverables,-
 - (ii) partially completed Deliverables, and,
 - (iii) subject to—provisions of sub-section e) below, Manufacturing Materials related to the terminated portion of this Contract. Nothing in this sub-section d) will be construed to grant the State rights to Deliverables that it would not have received had this Contract been fully performed. Upon direction of the Buyer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.
- e) The State shall pay Contract price for completed Deliverables delivered and accepted. Unless the Statement of Work calls for different procedures or requires no-charge delivery of materials, the Contractor and Buyer shall attempt to agree on the amount of payment for Manufacturing Materials and other materials delivered and accepted by the State for the protection and preservation of the property; provided that where the Contractor has billed the State for any such materials, no additional charge will apply. Failure to agree will constitute a dispute under the Disputes clause. The State may withhold from these amounts any sum it determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.
- f) If, after termination, it is determined by a final ruling in accordance with the Disputes Clause that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the State.
- g) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this Contract, and are subject to the clause titled "Limitation of Liability."

24. FORCE MAJEURE

- b) Acts of the federal or State government in either its sovereign or contractual capacity.

If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform.

25. RIGHTS AND REMEDIES OF STATE FOR DEFAULT:

- a) In the event any Deliverables furnished or services provided by the Contractor in the performance of the Contract should fail to conform to the requirements herein, or to the sample submitted by the Contractor, the State may reject the same, and it shall become the duty of the Contractor to reclaim and remove the item promptly or to correct the performance of services, without expense to the State, and immediately replace all such rejected items with others conforming to the Contract.

 - c) In the event of the termination of the Contract, either in whole or in part, by reason of default or breach by the Contractor, any loss or damage sustained by the State in procuring any items which the Contractor agreed to supply shall be borne and paid for by the Contractor (but subject to the clause entitled "Limitation of Liability").
 - d) The State reserves the right to offset the reasonable cost of all damages caused to the State against any outstanding invoices or amounts owed to Contractor or to make a claim against the Contractor therefore.

 - c) The State's liability for damages for any cause whatsoever, and regardless of the form of action, whether in Contract or in tort, shall be limited to the Purchase Price, as that term is defined in subsection a) above. Nothing herein shall be construed to waive or limit the State's sovereign immunity or any other immunity from suit provided by law.
 - d) In no event will either the Contractor or the State be liable for consequential, incidental, indirect, special, or punitive damages, even if notification has been given as to the possibility of such damages, except (i) to the extent that Contractor's liability for such damages is specifically set forth in the Statement of Work or (ii) to the extent that Contractor's liability for such damages arises out of sub-section b)(i), b)(ii), or b)(iv) above.

 - b) Contractor shall not be liable for damages arising out of or caused by an alteration or an Attachment not made or installed by the Contractor, or for damage to alterations or Attachments that may result from the normal operation and maintenance of the Deliverables provided by the Contractor during the Contract.

Such defense and payment will be conditional upon the following:
- a) The State will notify Contractor of any such claim in writing and tender the defense thereof within a reasonable time; and

If none of these options can reasonably be taken, or if the use of such Deliverables or Software by the State shall be prevented by injunction, the Contractor agrees to take back such Deliverables or Software and make every reasonable effort to assist the State in procuring substitute Deliverables or Software. If, in the sole opinion of the State, the return of such infringing Deliverables or Software makes the retention of other Deliverables or Software acquired from the Contractor under this Contract impractical, the State shall then have the option of terminating such Contracts, or applicable portions thereof, without penalty or termination charge. The Contractor agrees to take back such Deliverables or Software and refund any sums the State has paid Contractor less any reasonable amount for use or damage.
